Programme Report

Under National Nutrition Week – Malnutrition Eradication Mission: 8 September 2022. National Nutrition Month is celebrated in the month of September every year. Under this campaign, public awareness about nutrition is being created in every state in India. Malnutrition is still high in India. It is mainly found in tribal habitats. Malnutrition information was collected on 8th September 2022 in adopted village under National Nutrition Month. A questionnaire was prepared for this purpose. At the same time, the parents, mothers and fathers of the malnourished children of the adopted village were given information about nutrition with the help of Asha Sevika and Anganwadi Sevika of the adopted village. Guidance was given on what care should be taken and what healthy food should be given for the health of children.

Under National Nutrition Week – Malnourished Children Survey: 8 September 2022

A survey of malnourished children was organized on September 8, 2022 in adopted village under National Adoption Month. A questionnaire was prepared for this purpose. Simultaneously, with the help of Asha Sevika and Anganwadi Sevika of the adopted village, a survey of the children in the Anganwadi of the adopted village was undertaken. In this, mainly the children of Anganwadi's in tribal settlements were surveyed. Anganwadi No. Five (5) children out of 4 were found to be malnourished. Complete information of these children was mentioned in the questionnaire. Volunteers were recruited for this. During this survey, parents, mothers and fathers of malnourished children were given information about nutrition. Guidance was given on what care should be taken and what healthy food should be given for the health of children.

Under National Nutrition Week – Distribution of Nutritional Food to Malnourished Children : 8 September 2022

Under the National Nutrition Month, a nutritional food distribution program was organized in Dattak village on September 8, 2022 under the Malnutrition Mukti Abhiyan. For this, nutritional food was distributed to the malnourished children in the Anganwadi of the adopted village with the help of an Anganwadi worker and helpers from an adopted village. It mainly included children from Anganwadis in tribal areas. Anganwadi no. Five (5) children out of 4 were distributed healthy food to malnourished children and other children by volunteers and program officers. Meanwhile, parents, mothers and fathers of malnourished children were given information about nutrition. Guidance was given on what care should be taken and what healthy food should be given for the health of children.
